

Three chaotic carpet arrangements: 1.317 / 1.318 / 1.324 dB — the arrangement barely matters

2026-09-24 · same carpet heaped three different ways on the floor (wedges presumed off) · maps share one colour scale, differences another · 95 tones · 11 capsules

Hz (3-5 kHz omitted: the sphere is not axisymmetric there). +90° = top, -90° = bottom
